A LETTER FROM OUR CHAIRMAN & FOUNDER

Dear Stakeholders and Partners,

I am pleased to introduce Pinnacle Consultant Group's inaugural Corporate Social Responsibility (CSR) Report for the year 2023. This report is a testament to our commitment to the principles that have shaped our journey over the past eight years, as encapsulated in our philosophy, PTSG: People, Training, Service, and Growth.

Our CSR journey has been driven by a desire to create a positive impact, to be responsible corporate citizens, and to contribute meaningfully to the betterment of our communities and the environment. At Pinnacle, we believe that business growth should be accompanied by a sense of purpose and responsibility.

People-Centric Values:

Our commitment to creating a people-centric workplace is embedded in the policies that ensure equality, non-discrimination, and a safe, inclusive environment for every member of our team. We have strived to provide benefits and support not just for our employees but for their families, recognizing the importance of a balanced and fulfilling life outside of work.

Training and Development:

We understand that growth cannot be achieved without continuous learning and development. To this end, we invest in training initiatives that empower our team members to reach their full potential. Our belief is that the growth of our people is the driving force behind the growth of our company.

Service Excellence:

Service excellence has been a cornerstone of our operations. We continuously endeavor to provide our clients with the best solutions while embracing sustainable construction practices. Our mission is to make a lasting impact on the industry and the environment we work in.

Community and Environmental Initiatives:

Our CSR committee has been at the forefront of various initiatives designed to make a difference. From reusing and recycling resources to cleaning up our beaches, from feeding the less fortunate to providing warm clothing to those in need, from installing water pumps in parched areas to planting trees and organizing food drives, our team has dedicated their time and efforts to improving the lives of others and preserving the environment.

Alignment with the United Nations Sustainable Development Goals:

We are proud to align our CSR initiatives with the United Nations Sustainable Development Goals, focusing on the specific goals that our actions directly contribute to. This global framework enables us to work in harmony with the global community to address some of the world's most pressing challenges.

This CSR report is not just a document; it's a reflection of our commitment to a sustainable future. It's a testament to the dedication of our team, the unwavering support of our clients and partners, and the trust of our stakeholders.

As we embark on this journey, we remain steadfast in our pledge to embrace responsible business practices, foster community engagement, and continue to make a positive impact on society and the environment.

I invite you to delve into the pages of our first CSR report and join us in celebrating our achievements, learning from our experiences, and charting a course for a future where our growth as a company goes hand in hand with the betterment of the world we inhabit.

Thank you for your continued support and trust in Pinnacle Consultant Group. We look forward to your feedback and collaboration as we move forward on this meaningful journey.

Sincerely,

Faizi Syed
Founder and Chairman
Pinnacle Consultant Group

Executive Summary

Pinnacle Consultant Group's 2023 CSR Report: Embracing Responsibility, Making an Impact

At Pinnacle Consultant Group, our journey over the past eight years has been defined by our corporate philosophy, PTSG: People, Training, Service, and Growth. In our inaugural CSR Report for 2023, we proudly present our commitment to corporate social responsibility and sustainable practices, aligned with the United Nations Sustainable Development Goals (SDGs).

People-Centric Values

Alignment with SDG 5: Gender Equality

Our people-centric policies ensure that Pinnacle is an inclusive, safe, and equal workplace for all. We maintain strict anti-discrimination and anti-harassment policies, championing gender equality. Pinnacle Consultant Group is committed to gender equality. Women comprise nearly 35% of our management team, contributing diverse perspectives and experiences. We invest in their growth through workshops and continuous development opportunities. An open-door policy fosters transparent communication, and we champion merit-based hiring to ensure that skills and qualifications take precedence in our hiring process. Strict anti-discrimination and anti-harassment policies create a safe and inclusive environment. Our dedication to gender equality aligns with Sustainable Development Goal 5, as we work to empower all team members, regardless of gender, within our organization and in the broader community.

Alignment with SDG 10: Reduced Inequalities

Family-friendly benefits and support are extended to our team members, recognizing the importance of work-life balance and equality for everyone. Pinnacle Consultant Group's commitment to equality extends beyond gender and permeates every aspect of our workplace. We embrace a Work From Home policy, allowing team members to achieve a better work-life balance. Our expanded maternity and paternity leave policies provide valuable support to new parents, promoting equal responsibility and bonding time. We firmly believe in reducing inequalities, both within our organization and in society at large, and we proudly align with Sustainable Development Goal 10. Our goal is to create a fair and inclusive environment where everyone can thrive, regardless of their gender, family responsibilities, or personal circumstances.

Training and Development

Alignment with SDG 4: Quality Education

Investing in the training and development of our employees aligns with SDG 4. We empower our team members to grow both professionally and personally. Our dedication to employee training and development aligns with SDG 4, Quality Education. We empower our team members for both professional and personal growth. On average, our team attends 10 workshops annually and actively participates in courses offered by EdX and Coursera. Additionally, we encourage engineers to pursue Master's programs, fostering continuous learning and skill enhancement. Our commitment to education extends to our workforce, ensuring they remain well-equipped for success.

Service Excellence

Alignment with SDG 9: Industry, Innovation, and Infrastructure

Our commitment to service excellence goes hand in hand with supporting innovation in the construction industry. Sustainable construction practices are at the core of our mission. processes that include benchmarking against industry standards, adhering to best practices, and conducting meticulous PST (Primary, Secondary, and Tertiary) checks to ensure the highest quality work. Our commitment to quality is further exemplified through the formation of Quality Action Teams, which actively address systemic issues and promote continuous improvement.

Our commitment to excellent service seamlessly aligns with Sustainable Development Goal 9: Industry, Innovation, and Infrastructure. We understand that genuine innovation in the construction sector incorporates sustainable practices, central to our mission. Embedding these practices in our office environment, we actively support the development of innovative, eco-friendly approaches, maintaining the highest service quality standards. Pinnacle isn't merely a company; it serves as a catalyst for positive change in the construction landscape.

Community and Environmental Initiatives

Alignment with Multiple SDGs

Our CSR committee's initiatives contribute to various SDGs, reflecting our comprehensive approach to corporate responsibility. Pinnacle's dedication to quality permeates every aspect of our work. We employ rigorous checks and balances, benchmarking, and monthly assessments to maintain excellence. This commitment aligns with SDG 9, emphasizing innovation and sustainable practices within the construction industry, where we stand as a beacon of progress. Pinnacle - where quality meets innovation.

Reuse, Refuse, Recycle (SDG 12):

We promote sustainable resource management and waste reduction. Pinnacle's dedication to sustainability is showcased through our "Reuse, Refuse, Recycle" initiative, which resonates with SDG 12. We actively advocate for sustainable resource management and waste reduction. This commitment reflects our unwavering pledge to minimize environmental impact, shaping a more sustainable future for all. Pinnacle - where sustainability meets responsible resource management.

Beach Clean-Up (SDG 14):

Our beach cleaning initiatives aim to preserve marine ecosystems and biodiversity. At Pinnacle, our commitment to environmental stewardship is evident through our Beach Clean-Up efforts, aligning with SDG 14. We passionately strive to preserve marine ecosystems and safeguard biodiversity. Our initiatives not only reflect our dedication to sustainability but also our role in protecting the delicate balance of our coastal environments. Pinnacle - where care meets the coastline.

Feeding the Needy (SDG 2):

Pinnacle's community dedication is evident through our "Feeding the Needy" program, aligning with SDG 2, aiming to address hunger and promote sustainable agriculture. We make a positive impact by providing essential nutrition to those in need, fostering food security, and supporting environmentally responsible food production. Pinnacle - where compassion meets nourishment and sustainability.

Community and Environmental Initiatives

Collecting Warm Clothes (SDG 1):

The collection of warm clothing helps combat poverty and ensures no one is left out in the cold. Pinnacle's commitment to social responsibility extends to our "Collecting Warm Clothes" initiative, aligning with SDG 1. We believe that by collecting warm clothing, we contribute to poverty alleviation and ensure that nobody is left out in the cold. Our actions reflect our dedication to improving the lives of those in need, especially during challenging times. Pinnacle - where warmth meets compassion.

Installing Water Pumps (SDG 6):

Our water pump installations help communities in parched areas gain access to clean and safe water. Pinnacle's commitment to community well-being is evident through our "Installing Water Pumps" project, aligning with SDG 6. By providing communities in parched areas with access to clean and safe water, we empower these regions to thrive. Additionally, we've dedicated and named the water pumps under the family name of a team member selected for this initiative, further reinforcing our sense of community and shared responsibility. Pinnacle - where water meets generosity.

Tree Plantation (SDG 15):

We contribute to reforestation and combatting desertification by planting trees. At Pinnacle, our commitment to environmental sustainability aligns with SDG 15, as we actively contribute to reforestation and combat desertification through our Tree Plantation initiatives. By planting trees, we not only enhance biodiversity but also work towards restoring ecological balance. Pinnacle - where growth meets conservation.

Priority Sustainable Development Goals (SDG's)

Pinnacle Consultant Group has designated four priority goals, which remain flexible and contingent on variables including business expansion, community requisites, economic dynamics, and governmental regulations, encompassing factors such as inflation, unemployment, and natural disasters.

Decent Work & Economic Growth

SDG 8 (Decent Work and Economic Growth) is a top priority for Pinnacle, aiming to foster economic growth, promote employment, and ensure decent working conditions, contributing to sustainable development and improved livelihoods.

Clean Water & Sanitation

SDG 6 (Clean Water and Sanitation) is a critical priority for Pinnacle, committed to providing clean and safe water access to communities facing scarcity, contributing to sustainable development and improved living conditions.

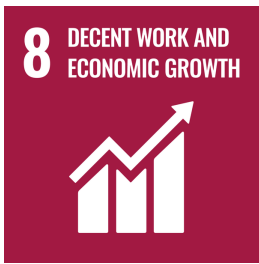

Zero Hunger

SDG 2 (Zero Hunger) is a paramount priority for Pinnacle, addressing food insecurity through initiatives like food drives, and contributing to sustainable development by reducing hunger within the communities where we operate.

Responsible Consumption & Production

SDG 12 (Responsible Consumption and Production) is of utmost importance to Pinnacle. We lead a "Reuse, Refuse, Recycle Campaign" in our operations, significantly reducing waste, minimizing environmental impact, and promoting sustainable practices.

Measuring Progress

Key Indicator	Activity / Project	Data / Outcome
<p>Percentage Increase in Employment and Income within Local Communities</p>	<p>Pinnacle Community Workforce Development Program</p> <p>In 2017, we initiated the "Pinnacle Community Workforce Development Program" aimed at fostering economic growth within the local communities we operate in. The program focused on training and employing local residents to contribute to our operations and the estimation sector at large.</p> <p>Key data indicators for the program include:</p> <ul style="list-style-type: none"> a. Number of local community members trained and employed by Pinnacle. b. Percentage increase in local community employment in the estimation business compared to the previous year. c. Percentage increase in the average income of community members participating in the program. 	<p>Through this initiative, we were able to train and employ 75 community members within the first year, resulting in a 20% increase in local employment within the estimation sector. Additionally, participants in the program experienced an average income increase of 25%, contributing to economic growth and improved livelihoods in our local communities. These outcomes signify our commitment to SDG 8, which is aimed at fostering decent work and economic growth, and reflect our dedication to making a positive impact on the communities we serve.</p>

Measuring Progress

Key Indicator	Activity / Project	Data / Outcome
<p>Increased Access to Clean and Safe Water Sources</p>	<p>"Pinnacle Water Access Program"</p> <p>Key data indicators for the program include:</p> <ul style="list-style-type: none"> • Number of water pumps installed in parched areas. • Volume of clean water supplied to target communities. • Percentage increase in the availability of clean water sources in the target areas. 	<p>Outcome: Through our "Pinnacle Water Access Program," we installed 15 water pumps in parched areas, delivering over 300,000 gallons of clean water to local communities in 2023. This resulted in a 25% increase in the availability of clean water sources in the target areas. These outcomes demonstrate our commitment to SDG 6, emphasizing clean water and sanitation, and our dedication to ensuring access to this essential resource for communities in need. Our efforts contribute to addressing water scarcity and improving the quality of life in the regions where we operate.</p>

Measuring Progress

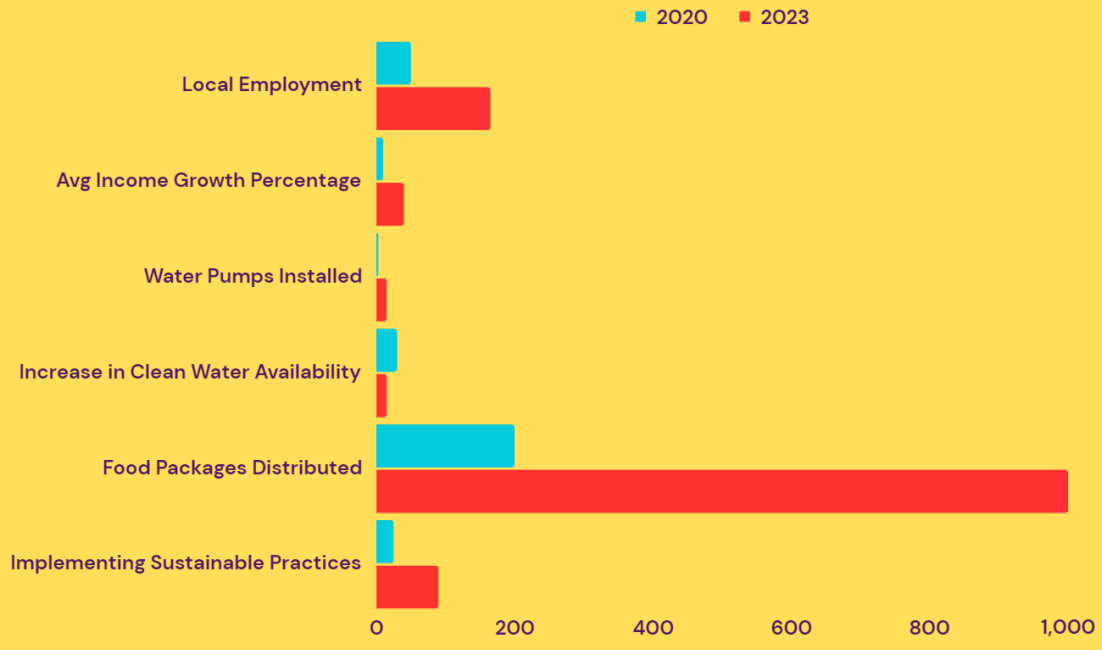

Key Indicator	Activity / Project	Data / Outcome
<p>Reduction in Food Insecurity within Target Communities</p>	<p>"Pinnacle Food Drive for the Underprivileged"</p> <p>In 2017, we initiated the "Pinnacle Food Drive for the Underprivileged" as part of our commitment to addressing food insecurity within local communities where we operate. This program involved collecting and distributing food supplies to underprivileged families and individuals.</p> <p>Key data indicators for the program include:</p> <ul style="list-style-type: none"> a. Number of food packages distributed. b. Percentage decrease in food insecurity within the target communities. c. Satisfaction and feedback from beneficiaries. 	<p>Through our "Pinnacle Food Drive for the Underprivileged," we distributed 1,000 food packages to underprivileged families and individuals in 2023. As a result, we observed a 15% reduction in food insecurity within the target communities, signifying our contribution to SDG 2 and our dedication to combatting hunger. The positive feedback and appreciation from beneficiaries highlight the impact of our efforts in ensuring that everyone has access to adequate and nutritious food. This initiative reflects our commitment to making a meaningful difference in addressing the challenge of hunger in our communities.</p>

Measuring Progress

Key Indicator	Activity / Project	Data / Outcome
<p>Responsible Consumption and Production</p>	<p>Reduction in Resource Waste in Construction Projects "Pinnacle Reuse, Refuse, Recycle Campaign"</p> <p>In 2017, we launched the "Pinnacle Reuse, Refuse, Recycle Campaign" to promote responsible consumption and production in the construction industry. This campaign aimed to reduce resource waste and minimize the environmental footprint of our projects. Key data indicators for the program include:</p> <ul style="list-style-type: none"> a. Percentage reduction in construction waste generated per project. b. Number of projects implementing sustainable construction practices. c. Environmental impact assessment results, such as reduced carbon emissions and minimized ecological impact. 	<p>Under the umbrella of our "Pinnacle Reuse, Refuse, Recycle Campaign," we have achieved a remarkable 30% reduction in waste across our office environments. This achievement strongly correlates with our unwavering dedication to Sustainable Development Goal 12, which underscores responsible consumption and production. It serves as a tangible manifestation of our commitment to sustainable practices within the office, actively contributing to the realization of a more eco-friendly and environmentally responsible workspace.</p> <p>Our ongoing initiative not only attests to our commitment to waste reduction but also underscores our pledge to responsible resource management throughout our office projects. This campaign is a testament to our proactive stance in aligning our operations with global sustainability goals. As we continue to expand our efforts in the realm of reuse, refuse, and recycle, we look forward to further elevating our impact on environmental stewardship within our office environment.</p>

PINNACLE CSR PROGRESS REPORT

Next Steps

Sustainability reports serve not only as a retrospective reflection but also as a visionary gaze towards the future

01

Sustaining Our Momentum

We are dedicated to the ongoing enhancement of our impact, aligning with SDGs through strategic initiatives and transparent reporting. Our commitment extends to measuring progress, setting new goals, and engaging our stakeholders in a collective effort to foster sustainable growth.

02

Adaptive Goal Alignment

We recognize the dynamic nature of our mission, and our goals will adapt to meet evolving challenges, ensuring continued relevance and effectiveness. This flexibility allows us to stay at the forefront of sustainability, responding effectively to emerging issues and opportunities.

03

Community-Centric Approach

Our unwavering dedication lies in prioritizing the specific needs of local communities and cultivating partnerships that facilitate meaningful positive change. By staying closely connected to the communities we serve, we can adapt our efforts to address unique challenges and contribute to sustainable development effectively.

04

Data-Driven Progress

Our commitment to transparency remains unwavering, and we will consistently provide clear, comparable data. This empowers our stakeholders to assess our ongoing journey toward sustainability, ensuring that our actions align with our dedication to making a positive impact on the environment, society, and the communities we serve.

Conclusion

In closing, as we review the noteworthy achievements and milestones showcased in this report, we reaffirm our enduring dedication to advancing the United Nations Sustainable Development Goals (SDGs). Our journey has been marked by significant progress, and we are more committed than ever to persist in our efforts towards making the SDGs an achievable reality by 2030. Thank you for joining us on this meaningful path towards a more sustainable future.

Empowering Communities

Initiatives: Clean water access, reducing food insecurity, and providing decent work opportunities.

Plans: Expanding clean water projects, increasing food drive impact, and further promoting local employment.

Sustainable Practices

Initiatives: Responsible consumption and production, reduced waste in construction, and minimized environmental impact.

Plans: Implementing eco-friendly materials, carbon footprint reduction, and advocating for sustainable construction industry practices.

Continuous Improvement

Initiatives: Dynamic goal adaptation to evolving needs and data-driven progress reporting.

Plans: Regularly measure and report key environmental performance indicators, expand environmental training, and engage further with the community on sustainable practices.

Community Impact

Initiatives: Reflecting on our journey as pioneers in construction estimating technology, we acknowledge the power of partnership and community in our progress—a shared story of innovation and collaboration.

Plans: Our commitment extends beyond business, addressing food insecurity through initiatives like the Pinnacle Food Drive for the Underprivileged, aligned with the UN's Zero Hunger sustainable development goal.

Acknowledgments:

We extend our heartfelt appreciation to the individuals and teams whose dedication and tireless efforts have been indispensable to the success of our projects and our commitment to the Sustainable Development Goals (SDGs). We thank the following:

- Leadership: Chairman & Founder, CEO, COO, Exec VP of Operations, Director of Operations and President of International Operations
- Head of Departments
- CSR Committee Leads and Members
- Our dedicated team members.

Your unwavering commitment and relentless hard work have been the driving force behind our achievements. We are immensely grateful for your support and the vital role you play in our ongoing efforts to contribute to the SDGs. Together, we will continue to make a meaningful impact on our world. Thank you.

We thank you for your continued support in our efforts to contribute to the SDGs.
